### Eagles Lose Opener, 65-6

Although the Frederic Eagles scored their first Friday at Mackinac Island, the Comets came out to score eight times in the first half and twice more in the second half to win a lopsided 65 to 6 game.

Frederic took the kickoff and scored on the third play from scrimmage. Jerry Gabriel ran for 15 yards on an end run and then Ben Hedman took a pass from Ben Mertens that was good for 50 yards and a touchdown.

Frederic's Murel Eisk said that poor tackling, lack of aggressiveness and missed assignments were the major cause of the Eagles' poor showing. He added that he expected that Frederic would show a much better performance as the season progressed.

Although the Eagles gained only 34 yards on the ground, Hedman caught 9 passes good for 134 yards. Frederic travels to Ellsworth this Friday to play the Belknap 27 to 6 last Friday in their opening another conference game. Vanderbit bowed to Inland Lakes 20 to 0.

### Public Is Asked: Tabs Or Plates?

Budget-minded Department of State officials are seeking help from Michigan citizens to determine if they should start a new three-year tab license sequence in 1932 or return to the old policy of issuing new plates each year.

The problem, according to Secretary of State James M. Hare, is whether the added convenience and fresh appearance of annual plates is more important than the substantial saving incurred through the use of three-year tabs with the more economical annual tabs.

"Even though many motorists know that we have saved thousands of dollars with our direct tab system, we get many letters from people who feel that they should get a fresh set of plates when they pay their annual weight tax," Hare said.

We should like to hear from a great many citizens before we send our next budget request to the Legislature."

Hare appealed to Michigan editors to send him their opinions on the matter and to encourage their readers to write to give their views on license plates and tab savings.

In his letter Hare wrote that public officials have the right to be guided by the advice and opinions of constituents.

Briefly, the Department of State will total up savings of almost \$300,000 by having issued tabs in place of plates in 1930 and 1931. If three-year tabs are again authorized in 1932 the State will save almost two-thirds of a million dollars in 1933 and 1934.

Is this saving of tax dollars worth the effort?

Is it better to have the State spend an extra \$688,000.00 to issue clean new plates each year for 1932, 1933 and 1934?

If you have an opinion on this matter and want to help Department of State officials make a more careful decision, write to: James M. Hare, The Capitol, Lansing, Michigan. All points of view will be appreciated and suggestions for other changes or improvements will be welcomed.

### Three Injured In Two Car Accidents

One person was injured in a car accident in Crawford County last Saturday and two in an accident in Roscommon County involving a local man last Wednesday.

Mrs. Bernice Marie Ellison, 43, of Grayling, was injured when a car driven by her husband, Gilbert, 55, turned too sharply off from US-27 onto County Road 612 in Frederic and hit a pole at 2 p. m. last Saturday.

The Crawford County Sheriff's Department investigated.

A rural West Branch woman was critically injured last Wednesday in a head-on auto crash at a construction site on M-76, two miles northwest of Roscommon.

Mrs. Bernice Marie Ellison, 43, was admitted to Grayling's Mercy Hospital, suffering from a concussion, internal injuries, head and multiple lacerations and contusions.

Stephan Frederick Jorgenson, 21, of Grayling was the driver of the other vehicle, a delivery truck of the Grayling Bottling Company. He was treated and released at the hospital.

Both the truck and car were total losses. The accident was investigated by troopers of the Houghton Lake State Police Post. Investigating officers said the accident occurred as Jorgenson's truck was weaving through the construction zone and Mrs. Ellison's car was approaching from the south and was waved down to stop. She applied her brakes and last contact was made when she struck the truck. Jorgenson had his vehicle entirely off the road in an attempt to avoid the car.

## LOCAL MAN NAMED TO MUCC BOARD

The meeting of the directors of the Michigan United Conservation Clubs held at the Grayling Sportsman's Club building on Sunday, Sept. 18 revealed many aspects of coming actions and proposals which are being discussed by the Club itself and also by the Conservation Commission.

Many of the ideas under discussion are of particular interest to club members and sportsmen of this area as they pertain to fly fishing only trout streams and deer season problems being encountered.

The local club now has a member representative on the director board of the MUCC district and this should in itself create a great response from the local member in attending meetings regularly and putting before the club for discussion at regular district MUCC board meetings by their local representative ideas and proposals of interest not only to themselves but to everyone interested in Michigan's water wonderland.

It was reported at the board meeting, the conditions of other clubs throughout District 14 which includes the northern area and the Grayling club ranks well up on the list for their fine facilities and for a membership of over one hundred.

The next Grayling Sportsman's Club meeting will be held on the first Wednesday in October and all members who possibly can, are urged to attend as one particular MUCC questionnaire will be voted for the members' opinions. This information is of great importance to the Conservation Commission as their actions are influenced to a great extent by public opinion as expressed through local sportsman clubs.

The local director of MUCC would appreciate as much support from the local club members as possible and this is what is required for the Grayling club to be an influencing force within the framework of the Michigan United Conservation Clubs thereby preserving the local area to the fullest.

## Grayling Vikings Lose 7-0 To An Alert Gaylord Blue Devil Squad

The stage is set for a make-or-break game at the lighted gridiron at the Grayling Memorial Recreation Area this Friday night. Both the Grayling Vikings and the alert Charlevoix Rayders lost their first conference game last Friday night and both teams will be fighting for their lives in this one.

The team suffering defeat this Friday will almost assuredly be out of the conference race after dropping their opener. Grayling lost 7 to 0 to the alert Gaylord team while the Boyce City Ramblers surprised the Rayders at Charlevoix 14 to 6.

Single touchdowns spelled the difference between victory and defeat for every conference team in the opening round last week as the Harbor Springs Rams slipped past the Pellston Hornets 12 to 6 and the Manacelon Ironmen dropped the East Jordan Red Devils 13 to 6.

At Gaylord last Friday night, the Vikings and Blue Devils played almost the entire game between the two thirty yard stripes. Most of the play on the Grayling side of the field as the Vikings failed to move the ball very well. Gaylord mounted their scoring thrust in the third quarter after grabbing a fumble from the Vikings' defense rose to the occasion and pushed the Blue Devils back on three downs leaving them with a fourth down and 11 yards to go on the Grayling 21 yard line. A pass play caught Grayling napping and the Blue Devil receiver went in for the score. They added the extra point by running it in.

Mrs. C. G. Clippert, county chairman, is also drive chairman. Other workers will be announced at a later date.

## Kiwanis Elects New Officers

Eric Post, Joe Itall and Leon Rochette the official delegates to the 1930-31 Kiwanis Convention of the Michigan District of Kiwanis International held in Grand Rapids recently, reported today that the MUCC questionnaire will be voted for the members' opinions. This information is of great importance to the Conservation Commission as their actions are influenced to a great extent by public opinion as expressed through local sportsman clubs.

The local director of MUCC would appreciate as much support from the local club members as possible and this is what is required for the Grayling club to be an influencing force within the framework of the Michigan United Conservation Clubs thereby preserving the local area to the fullest.

Each and every member is urged to turn out for the October meeting and it is the club officers' hope that everyone will continue to attend all future meetings.

Grayling coach Don Ferguson said the Grayford team played real good football and were very real. On the other hand, he said, Grayling's offense was bad. Players did not get on and all in all blocking and tackling was ragged. He said Ted Harning performed well on both defense and offense while Norman Sorenson and Mike Goodrich turned in good defensive jobs.

In the statistics, Grayford won three first downs to none for Grayling. The Vikings made 41 yards on the ground to 52 for Grayford. They held the Blue Devils to just 5 yards on the first half but loosened up in the second. Grayling quarterback Tommy LaMotte completed four passes out of four attempts and they were good for a total of 41 yards. The best run of the night for Grayling was a 20 yard kickoff return by Lacey Stephan. On defense, Norman Sorenson had 9 tackles. Mike Goodrich had 9, and Mike Roberts and Jan Thayer 5 each.

With one game behind them, the conference leaders would appear to be Boyce City, Manacelon, Harbor Springs and Gaylord. Charlevoix could not be counted out of the picture however. The Rayders always well coached and two or three deep at every position will undoubtedly get right back in the loop race.

With the first game of the season to be played in Grayling, a good crowd is expected out Friday night providing the weather is good. The Grayling High Band has a fancy halftime show planned.

## Viking Junior Varsity Lose First 19-6

The Viking junior varsity lost their first game of the season last Thursday night at the Grayling Memorial Recreation Area to a host of the experienced Gaylord junior varsity outfit. The game was played in very bad weather conditions.

The bigger Blue Devils scored three times to once for the local team. The Grayling coach, Fraser Dean, said his team looked a little gun-shy in the first half as it was the first gridiron competition for most of them. They were a really improved team in the second half.

The team looked quite good on defense and Chris Kroll turned in several nice runs. Tim Neal showed a lot of promise as a passer. Grayling's score came as the result of two long left end sweeps by Kroll to put the ball in scoring position on the two yard line. Neal took it in for the score.

## Huck Saves the Day

Saturday's always "together" day for Huck Roberts and his missus. Five days a week Huck's selling on the road, so they like to spend Saturday afternoon by themselves.

Most of Huck's friends know this and stay away unless invited. All except one couple. Then Huck found a polite way to send them home.

Soon as Huck would spot the couple driving up, he'd put on his hat and coat—and step out the front door. Polite as could be, Huck would say, "Sorry we can't ask you in, we're just on our way out!" Then, soon's

the couple drove off, Huck went right back inside.

From where I sit, neighborliness means a mutual respect between neighbors—for one's privacy, feelings and preferences. This holds for little things too. For instance, when a neighbor prefers a glass of beer or buttermilk, that's his business. And it's our job to respect his preference every day of the week—Saturdays, Sundays and holidays included.

The Rabbi Jacob Segal officiated in the presence of thirty guests, the groom breaking the wine glass according to tradition.

Jerry Schiff, the groom's brother, was best man.

Announcing the 1961 Ford...

Beautifully proportioned to the

CLASSIC FORD LOOK

An honor to be proud of, this is the medal presented by the international fashion authority, Centro per l'Alta Moda Italiana, to the 1961 Ford for functional expression of classic beauty.

The 1961 Ford Galaxie Club Victoria—beautifully built to take care of people

BEAUTIFULLY BUILT TO TAKE CARE OF ITSELF

The 1961 Ford introduces a whole new concept of what a car can do for you ... and for itself!

It lubricates itself. New nylon bearings and a newly developed lubricant keep the '61 Ford freshly greased for 30,000 miles. It cleans its own oil. The 1961 Ford's Full-Flow oil filter lets you go 4,000 miles between oil changes.

It adjusts its own brakes. A "mechanical brain" keeps brakes adjusted for the life of the lining.

Rust? Ford's body is specially processed to resist corrosion, even to galvanizing body panels beneath doors.

Ford takes care of itself on the turnpike, too, with a new 390-cu. in. Thunderbird Special V-8 that has all the punch you'll ever need. The 352 Thunderbird Special V-8 and 292 Thunderbird V-8 thrive on regular gas. And, for top economy, you can choose the '61 Mileage Maker Six.

This is the 1961 Ford ... beautifully proportioned to the Classic Ford Look ... beautifully built to take care of itself.

HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF

LUBRICATES ITSELF. You'll normally go 30,000 miles without a chassis lubrication.

CLEANS ITS OWN OIL. You'll go 4,000 miles between oil changes with Ford's Full-Flow oil filter.

ADJUSTS ITS OWN BRAKES. New Truck Size brakes adjust themselves automatically.

GUARDS ITS OWN MUFFLER. Ford mufflers are double-wrapped and chemically-treated. They'll last three times as long as ordinary mufflers.

PROTECTS ITS OWN BODY. All vital underbody parts are specially processed to resist rust and corrosion, even to galvanizing body panels beneath doors.

TAKES CARE OF ITS OWN FINISH. New Diamond Lustre Finish never needs wax.

## Stumbling Block . . .

Some desirable legislative developments are negative — that is, nothing happens.

Such was the case with proposed revision and extension of the federal wage-hour law. A Senate-House conference committee deadlocked over varying provisions. So a decision has been postponed until the new Congress convenes next year.

There were two stumbling blocks. One lay in differences of opinion as to how much, if at all, the present 1.00 an hour minimum wage should be increased.

But this, according to reports from Washington, was relatively minor matter. The big bone of contention lay in the effort to extend the law to millions of workers who have been exempt ever since it was passed back in the depressed 30's. Most of these workers are in retail trade, and the balance in assorted service industries.

The Senate-House conferees, to say the obvious, are opposed to suitable wages for any group of workers. At there is a great deal more to the problem than that. Exempt businesses are purely local in character.

Retail store, for instance, even if part of a national chain, must still compete locally, and meet local needs and conditions if it is to be successful. And, to say the obvious again, federal wage and hour stipulations that are suitable to New York City do not fit the conditions of a store in a small country town.

If wage-hour laws are needed in the case of such local enterprises, they should be imposed by state or local government. Additionally, retailing and other service businesses are able to provide employment for large numbers of marginal and unskilled workers, including teen-agers and part-time housewives. Their productive value is limited. Imposition of an arbitrary wage, which is beyond these workers' worth as producers, would result in reducing marginal employment to the limit.

Finally, there is the fear of more inflation — and dealing with the local wage-hour structure with a federal law is one way to intensify the risk of all means.

## Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

September 30, 1937

There was a large crowd of interested people out Tuesday evening to attend the ceremonies in conjunction with the laying of the cornerstone of Grayling's new postoffice building. At the appointed hour those taking part in the program stood at the entrance of the edifice, with the American Legion drum and bugle corps on the street in front participating. T. W. Hanson was the chairman for the occasion. Rev. Edgar Flory gave the invocation following which Mayor George Burke welcomed the assemblage and among other things said that the erection of this building meant another great milestone in the life of this community. Mrs. C. G. Clippert and her choir, with the crowd joining in, sang "America." Postmaster James McDowell was called upon and he told how he and his clerks, Farum Matson, Carl Doroh, and Jerome Kesler, had gone about it to ask the Postoffice department for the new building and the work of looking up and compiling records, which was necessary at the time application was made. He publicly thanked them for their efforts. One of the big things that he said, he felt the new building was the fact that the Hanson State military reservation was located here. Following short talks by the Rev. Flory and Mr. Hanson, Mr. Hanson announced at this time that those in charge would proceed with the cornerstone laying, when Mayor Burke had the honor of placing the copper box containing historical papers and letters into the niche.

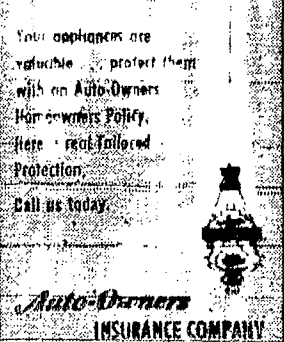

Very shortly the building now occupied by the Redson and Cooley Ready-to-Wear and Gift Shop will be vacant as that firm is disposing of its entire stock preparatory to retirement. Mrs. Cooley came to Grayling and established the business May 15, 1920. She built up a very flourishing business that weathered the depression and her friends are sorry she finds it necessary to give up her store after some forty-two years of continuous business life.

Saturday evening at eight-thirty the ceremony of the marriage of Miss Norma Mae Griffith, daughter of Mrs. B. B. Griffith, and Samuel Albert Gust, grandson of Mrs. B. A. Cooley. The ceremony was read by the Rev. Edgar Flory of Michelson Memorial Church, before a few friends at the home of the groom's grandmother, Mrs. B. A. Cooley. The bride was attended by her sister, Miss Donna Marie Griffith, the best man was Edward Clyde of Roscommon. Both Mr. and Mrs. Gust have lived most of their lives in Grayling where they graduated from the public schools. They both have many friends who join the Avalanche in extending congratulations.

Miss Billyann Clippert, who celebrated her ninth birthday on Wednesday, had for her pleasure several of her friends as dinner guests at her home that evening. The moving picture show starring Jane Withers in "Wild and Woolly" was enjoyed by her and her guests later in the evening. The little lady's grandparents, Mr. and Mrs. Edward H. Webb, of Mt. Pleasant, were here also for the occasion.

Sandy Thompson, little son of Mr. and Mrs. Grant Thompson, and Mrs. Tracy Nelson, were the lucky ones to win the Crenco prize at the Raffle last Friday night. It amounted to \$97.00 each. Sandy is now riding a handsome stream-lined bike which he purchased with some of his share of the money.

Mrs. Olaf Michelson left Wednesday for her home in Detroit after spending the summer at Lake Margrethe.

Mr. and Mrs. Jesse Schoonover were in Flint and Saginaw over the weekend. While there they viewed the new Buicks, which will be on display the forepart of October.

Mrs. Rasmus Jorgenson, Mr. and Mrs. Edward Mayotte and Benny Jorgenson are leaving tonight for Detroit. Mrs. Jorgenson is making the trip purposely to see the Danish production "Sun Over Denmark" that will be presented in the auditorium of the Art Museum here Sunday.

Mr. and Mrs. F. R. Glass and daughter Phyllis of Prince Albert, Saskatchewan, Canada, and Mr. Alec Cassidy of Sandstone, Mich., visited at the home of Mr. and

46 YEARS AGO

October 1, 1914

The Grayling Greenhouse, originally instituted by John H. Cook in 1911, has recently been much improved and enlarged. Like new business ventures the first year or two the path of success was not strewn with roses, and it was only by indefatigable industry and thrift that it was kept alive. Eventually it was not a matter of finding a market for the products, but it soon became a question as to how the demand

might be supplied, and then the matter of capital to increase the facilities began to loom up and again dark clouds became visible in the background. Not wishing to remain at a standstill, Mr. Cook interested Rasmus Hanson in the project and last April that gentleman purchased the property and immediately under the advisement of Mr. Cook proceeded to erect this splendid new addition, and now we have a greenhouse that will be able to provide for all the wants in that line that our people may demand.

Rev. V. J. Hutton of the local M. E. Church has been appointed to a circuit in Deford, near Port Huron. This was a surprise to Mr. Hutton, who expected to be returned to Grayling, and is also a great disappointment to the members of the local church.

Cement walks on Peninsular Avenue and Maple Street have

## 61 CHEVY TRUCKS

WITH WORK-PROVED  
INDEPENDENT FRONT SUSPENSION!

Chevy's '61 fleet swings in with a ready-made reputation as the trucks that are worth more because they work more . . . the latest editions of the haulers that scrapped the I-beam axle and proved the important advantages of independent front suspension!

You'll find new models for '61—long-wheelbase 4-wheel drive units—and thoughtful refinements throughout the line. But the big news for '61 is nailed-down proof (based on owner reports) that Chevy's torsion-spring design is the best thing that's happened to trucks in decades!

With Chevy's independent front suspension and Sturdi-Bilt design, you cruise over trails where other trucks creep. You feel the difference in less wheel lift and vibration. You can see why drivers are happier, why loads are better protected and why the truck itself will stand up to thousands of miles of more work. That goes for any size Chevy, too—pickups, tilt cabs, tandems, all of them.

Check the latest specs with your Chevrolet dealer: capacity, power teams, options. Then, by all means, drive a '61. Once around the block and you'll never be satisfied with a front axle truck again!

### Local Science Students Get Inoculated Mice

Science Students at Grayling  
High School recently requested  
Mrs. Earl Burns to provide some  
white mice for observation by the  
science classes. Mrs. Burns, for  
many years the head of the local  
chapter of the American Cancer  
Society, made arrangements for  
the mice to be sent here from the  
University of Michigan Anatomy  
Department. These mice have al-  
ready been inoculated with Ehr-  
lich adenocarcinoma, and were  
shipped by express from the Uni-  
versity September 28th. It was  
expected that by the time the  
mice arrived in Grayling, a matter  
of four or five days, cancerous tu-  
mors would have developed to the  
point where they could be observ-  
ed. Life expectancy of the mice  
was probably ten days to two  
weeks, the University advised.

Mrs. Burns recently resigned  
her position as head of the local  
cancer group, and Mrs. B. Elmore  
Henig has accepted responsibility  
for the position. In her eight years  
of service as head of the local  
chapter, Mrs. Burns has faithfully  
carried out all the assignments  
necessary to keeping the Gray-  
ford County chapter an active and  
beneficial force, often taking over  
duties which others had not been  
able to carry out. Her resignation  
was accepted with regret from the  
organization with which she has  
worked so long, as she was active  
in cancer work from the start of  
the County Chapter long before  
she became commander.

# LEE ANN FISHER ROBERT LAM WED IN DOUBLE RING CEREMONY

A nuptial mass celebrated at St. Mary's Church on Saturday morning, September 17th, united in marriage Miss Dee Ann Fisher, daughter of Mr. and Mrs. Vernon D. Fisher and Robert Lee LaMotte. The Rev. Fr. Joseph Sakowski officiated at the double ring ceremony at eleven o'clock in the presence of two hundred guests.

The bride, given in marriage by her god-father, Leo Lovely, chose a gown of Chantilly lace and nylon tulle, fashioned

ed with wrist-point sleeves, sabrina neckline encrusted with iridescent and a fitted bodice. Alternate panels of Chantilly lace and nylon tulle over tiers of tulle complemented her full sweeping floor length skirt which ended in a chapel sweep. Her pill-box type head-dress was secured to a silk illusion fingertip veil and she carried her rosary and an arrangement of stephanotis and an orchid. Dee Ann placed an arrangement of yellow roses on the altar of the Blessed Virgin.

Miss Julie Lovely, maid-of-honor, was attired in an emerald green, iridescent taffeta gown featuring a bateau neckline, fitted bodice and a full skirt accented at the waistline with a Nile green taffeta sash extending to a bow in the back. A matching sculptured head-dress with a circular veil completed the ensemble. She carried bronze and yellow mums.

Bridesmaid, Miss Key Benzene of Hersey, and bridesmatron, the groom's sister, Mrs. Richard-Sajak of Frederic wore gowns identical to the maid of honor's in Nile green with emerald green accents. Matching sculptured head-dresses with circle veils completed their attire. They also carried bronze and yellow mums.

Mr. Richard Sajak, brother-in-law of the groom, served as his best man. Gary Worden and Claude Golnick acted as groomsmen and the guests were seated by William and Duane Worden.

A green print with matching accessories was worn by the bride's mother while Mrs. LaMotte chose a royal blue sheath and black accessories. Both wore corsages fashioned of yellow roses. A luncheon for the wedding party and immediate family was served at the American Legion Hall following the ceremony. The table was centered with a bride doll cake on either side of which were bouquets of flowers.

An evening reception was given for the wedding guests at the Bow Hunters Club House. Wesley LaGrow was in charge of the food table while Mrs. Clayton-Gorman and Mrs. Ollie Jankowiak assisted with the coffee and serving. Mrs. Sam Gust served the punch. The lovely three tiered wedding cake, fashioned with swan pedestals between the layers was decorated with white ribbons and bells and topped with the traditional bride and groom. All white, it was graced with tiny pink and blue rosebuds. Miss Julie Lovely served. The marrieds, Carl Lucksted, Pam Warren and Jill Wakeley were in charge of the gift table.

Dee Ann is a 1959 graduate of Grayling High School and Bob of the class of 1955. Dee wore a Pendleton outfit and the orchid from her corsage for the wedding trip.

Following a honeymoon in the North the newlyweds are at home at Lake Margrethe.

Out of town guests present at the wedding were from Detroit, Bay City, Saginaw, Frederic, Flint, Hersey, Reed City, Shepherd and Ohio.
